

New England Celebrated Earth Day with Tree Planting Ceremony

In celebration of Earth Day 1999, the children of the Government Center Child Care Corporation planted a tree outside of the John F. Kennedy Federal Building in Boston. Jim Devir, Regional Planet GSA Coordinator, served as Master of Ceremonies for the event that was attended by building tenants from local federal facilities. Jim thanked the children for their help and invited them to return to watch the growth progression of their tree. The children sported Earth Day Badges and Headbands they had made for the special event. Each child received a tree seedling to take home and plant.
